Thank you so much for everything. This was my first time doing this Erasmus program, and I had a great time. There was a lot of fun, it has been an unforgettable experience and a big part of it was thanks to you and your family.

I thank you for hosting us during this wonderful week and making everything a wonderful memory. I hope to see you again, and I want you to know that you can come to Valencia whenever you want, to my house, and visit more places and have more experiences together.

It is hard to find the words to describe all we have received this week.

Not only because of the incredible organisation, before and during our mobility, but also for your amazing hospitality.

We extremely encourage you to continue this kind of projects, no one can do it as well as you do, you are a great example for us and we are sure you are light for your pupils.

Thank you very much to the host families for their warmth with our students, they have felt at home. We go back to Spain full of love and learning (although we return without learning how to manage the times of the meals...) but above all, with the hope to meet our paths again.

**Dziękuję Ci bardzo z całego serca**
